

These terms and conditions (“Digital Wallet Agreement”) are a legal agreement between you and Purdue Federal Credit Union (“Purdue Federal”) that governs your access to and use of your eligible credit or debit cards (“Card” or “Cards”) through a digital tokenization (“Digital Wallet”). The terms “you” and “your” throughout this Digital Wallet Agreement refer to primary cardholders and authorized users of credit cards and to joint accountholders and other authorized persons with a debit card linked to an account, and any other persons you authorize to use your Cards through a Digital Wallet and the terms “we” or “us” refer to Purdue Federal. The term “Digital Wallet” shall include the any Digital Wallet branded payment functionality and the Card provisioning functionality performed, and transaction history displayed, by the Digital Wallet application. We will determine, in our sole discretion, which Cards will be eligible for use through a Digital Wallet. Please review this Digital Wallet Agreement before you decide whether to accept it and continue with the addition of your Cards to a Digital Wallet. You consent to receiving the Digital Wallet Agreement electronically. By using a Card in a Digital Wallet you agree to only use your Card through the Digital Wallet in accordance with the Digital Wallet Agreement. If you do not agree to the Digital Wallet Agreement, then you may not add your Card to, or use your Card in connection with, any Digital Wallet. Your use of a Digital Wallet to purchase goods and services with your Card is governed by the applicable Visa Credit Card Disclosure and Agreement or Visa Business Credit Card Disclosure Agreement (“Card Agreement”) between you and us with regard to credit cards and Your Guide to Member Services and Fee Schedule or Your Guide to Business Member Services (“GMS”) between you and us with regard to debit cards. The applicable Card Agreement or GMS, as amended from time to time, are incorporated by reference as part of this Digital Wallet Agreement. You also acknowledge that your use of Digital Wallet is subject to the terms and conditions set forth by the particular provider with respect to the use of Digital Wallet.

1. **ENROLLMENT.** Digital Wallet is available to cardholders for the purposes of purchasing goods and services with a compatible wireless mobile device that contains a secure element (“EMD”), at near field communication (“NFC”) enabled merchants and for in-app purchases at merchants that accept Digital Wallet as form of payment. Digital Wallet allows you to use your EMD to access and use your Cards to make such purchases in place of presenting or using your physical Card. To add your Card to Digital Wallet, you must register your Card through a Digital Wallet. You may be required to take additional steps to authenticate yourself before your Card is added to Digital Wallet, including by providing additional identifying information. By adding your Card to a Digital Wallet, a unique numerical identifier different from your Card number (“Token”) will be added to the secure element of your EMD, for the purpose of making purchases and receiving refunds through Digital Wallet. Due to the manner in which a Digital Wallet operates, you may need to present your EMD at a merchant when you return an item purchased using a Digital Wallet on such EMD. You consent to us contacting your wireless service provider and authorize your wireless service provider to disclose your account/subscriber information, including (if available) name, address, device and location data, to allow verification of your identity and for validation of the information you provide to us. If your physical plastic Card is lost or stolen, but your EMD is not lost or stolen, you will need to register your new physical plastic Card in Digital Wallet and receive a new Token.
2. **USING YOUR CARD IN A DIGITAL WALLET.** Purchases you make with Digital Wallet using your credit Card or debit Card are governed by the Card Agreement or GMS, respectively. Please review the Card Agreement or GMS, as applicable, for important information on your rights and responsibilities when making purchases. You are solely responsible for maintaining the confidentiality of your user ID, passcodes and any other means that you may have to access Digital Wallet. If you share those credentials with any other person, they may be able to use your Cards and get access to your personal and payment information in Digital Wallet. If you share your credentials with another person you are authorizing that person to transact on your behalf as if they were an authorized user of your Cards. While we may permit Cards of two different people to be activated on one EMD at your request, we caution you against sharing your EMD and credentials. If your EMD is lost or stolen, your fingerprint identity or other passcode is compromised or your Card has been used through Digital Wallet without your permission, you must notify us immediately by calling (800) 627-3328. If you fail to notify us without delay, you may be liable for part

or all of the losses in connection with any unauthorized use of your Card in connection with Digital Wallet; see your Card Agreement or GMS for full detail on unauthorized transactions. You acknowledge that your EMD can be used to make purchases using Digital Wallet without waking the EMD. You agree and acknowledge that the transaction history displayed in Digital Wallet solely represents our authorization of your Digital Wallet transaction and does not reflect any post-authorization activity, including but not limited to clearing, settlement, foreign currency exchange, reversals, returns or chargebacks. Accordingly, the purchase amount, currency, and other details for your Digital Wallet transaction history in connection with use of your Card in Digital Wallet may be preliminary and may not match the transaction amount that ultimately clears, settles, and posts to your Card's billing statement. Your telecommunications carrier or provider may impose internet, data usage or text messaging fees or other charges for your use of Digital Wallet. Devices modified contrary to the manufacturer's software or hardware guidelines, including by disabling hardware or software controls—sometimes referred to as "jailbreaking"—are not EMDs. You acknowledge that the use of a modified device to use your Card in connection with Digital Wallet is expressly prohibited, constitutes a violation of this Digital Wallet Agreement and your Card Agreement or GMS, and is grounds for us to deny your access to your Cards through Digital Wallet.

Such Offers are subject to certain terms and conditions and may change at any time without notice to you. We will not be liable for any loss or damage as a result of any interaction between you and a merchant with respect to such Offers. Subject to applicable law and your Card Agreement or GMS, all matters, including delivery of goods and services, returns, and warranties, are solely between you and the applicable merchants. You acknowledge that we do not endorse or warrant the merchants that are accessible through a Digital Wallet or the Offers that they provide.
